Q1 – Comments

- *I am glad to be here to see how's God's work. It is so inspiring to think about the relationship between the Lord and me and what I can do after the CAWF. Hope that I can come in 2021. See ya.*
- *Knowing how difficult the evangelicalism is and how God is leading and open ways for His followers.*
- *Very encouraged to see young people be exposed to missional mindset & strategies.*
- *As a pastor, I was more focused on giving our young adults plenty of opportunities to discern his calling upon their lives. However, I was greatly encouraged to see the dedication and encouragement of local missionaries and workers.*

 - 10 **Very Satisfactory**

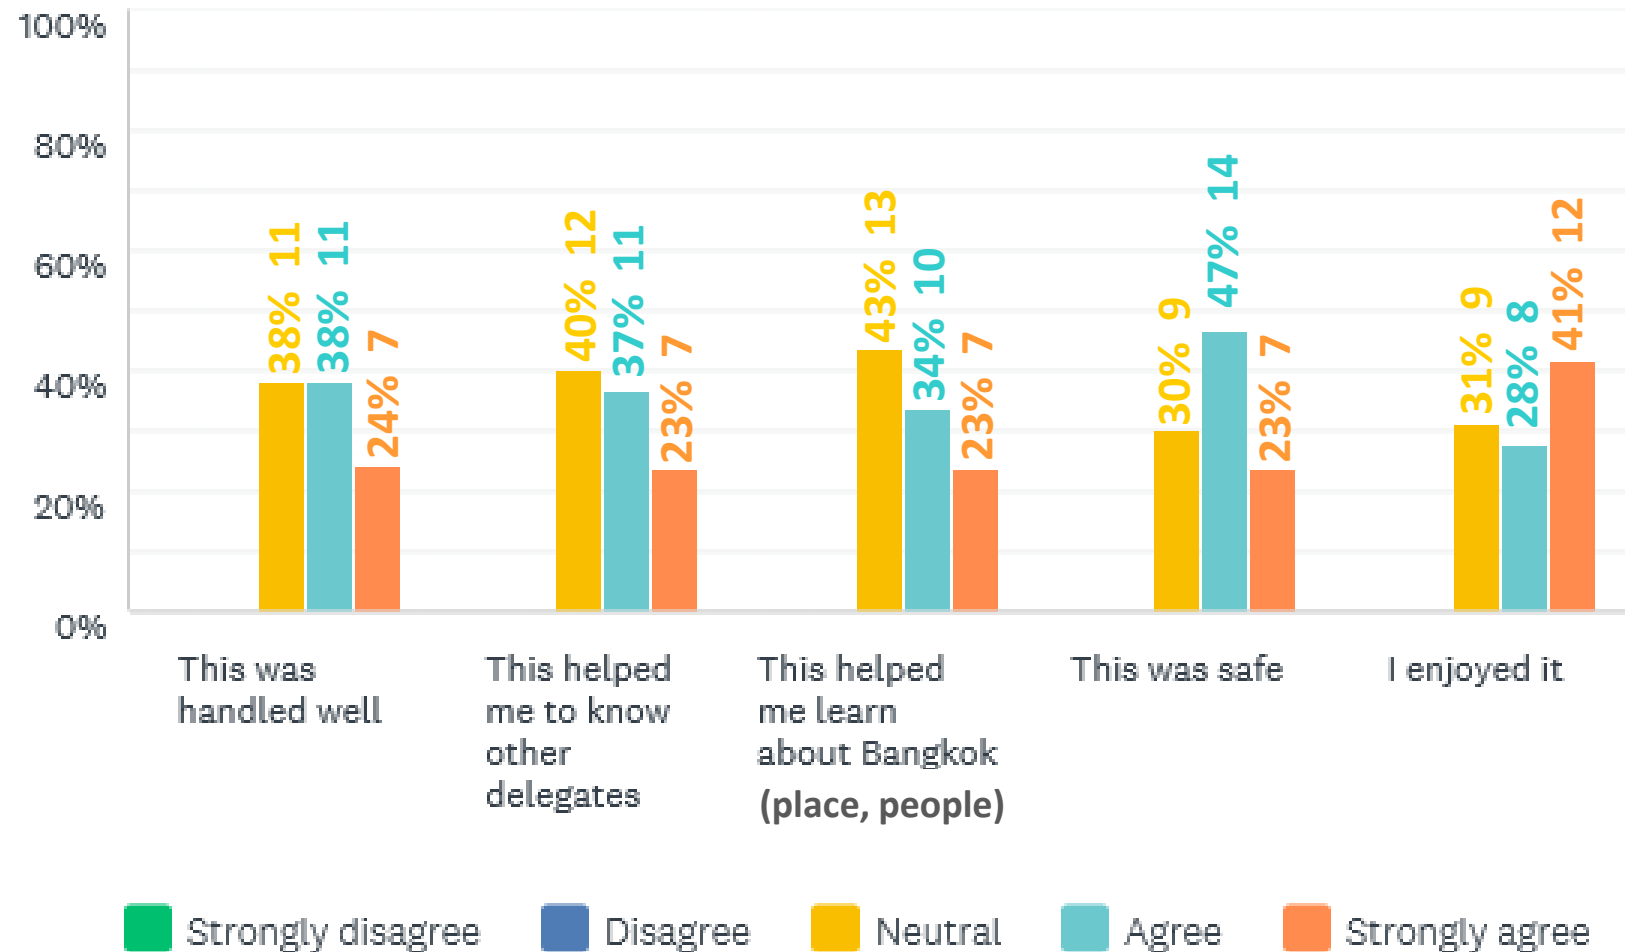

Q2 - Comments

- *Super organized, right amount details, loved the pic by pic instructions, anticipated every detail and question. superb!*
- *Needed to be better from the Envision site.*
- *good, communication could be better. Did not have details about what to expect for the Track B. It was hard to let financial and prayer supporters know what we were planning to do specifically and to also mentally prepare for track b.*
- *I wasn't told that the pre-tour event was cancelled.*

Q3. *Amazin' Grace* Prayer Walk

- **30** responses
- Neutral / Positive

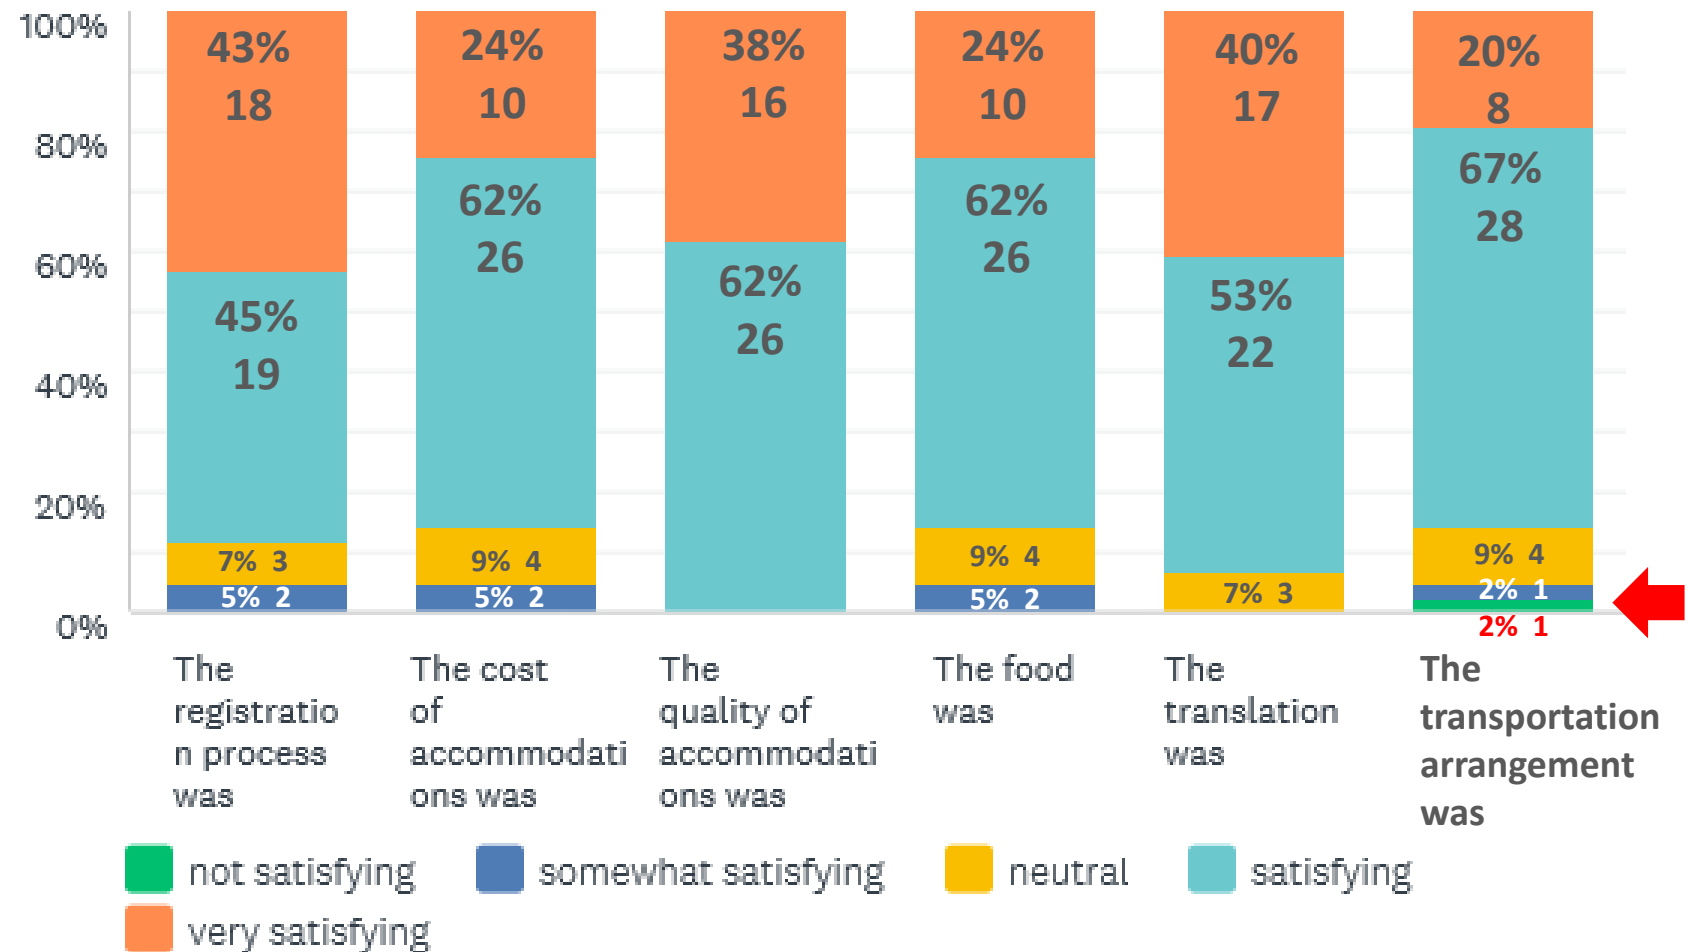

Q3 – Comments

- *I am really greatly for Brother Joe and his leading our part of the tour. Thanks for your dedication!*
- *It was great. Thank you for adjusting to the needs of others, especially the worship team to practice. It was very informative, insightful to understand the Thai culture and how to serve the people of Thailand*

Q4. *Track A* logistics

- 42 responses

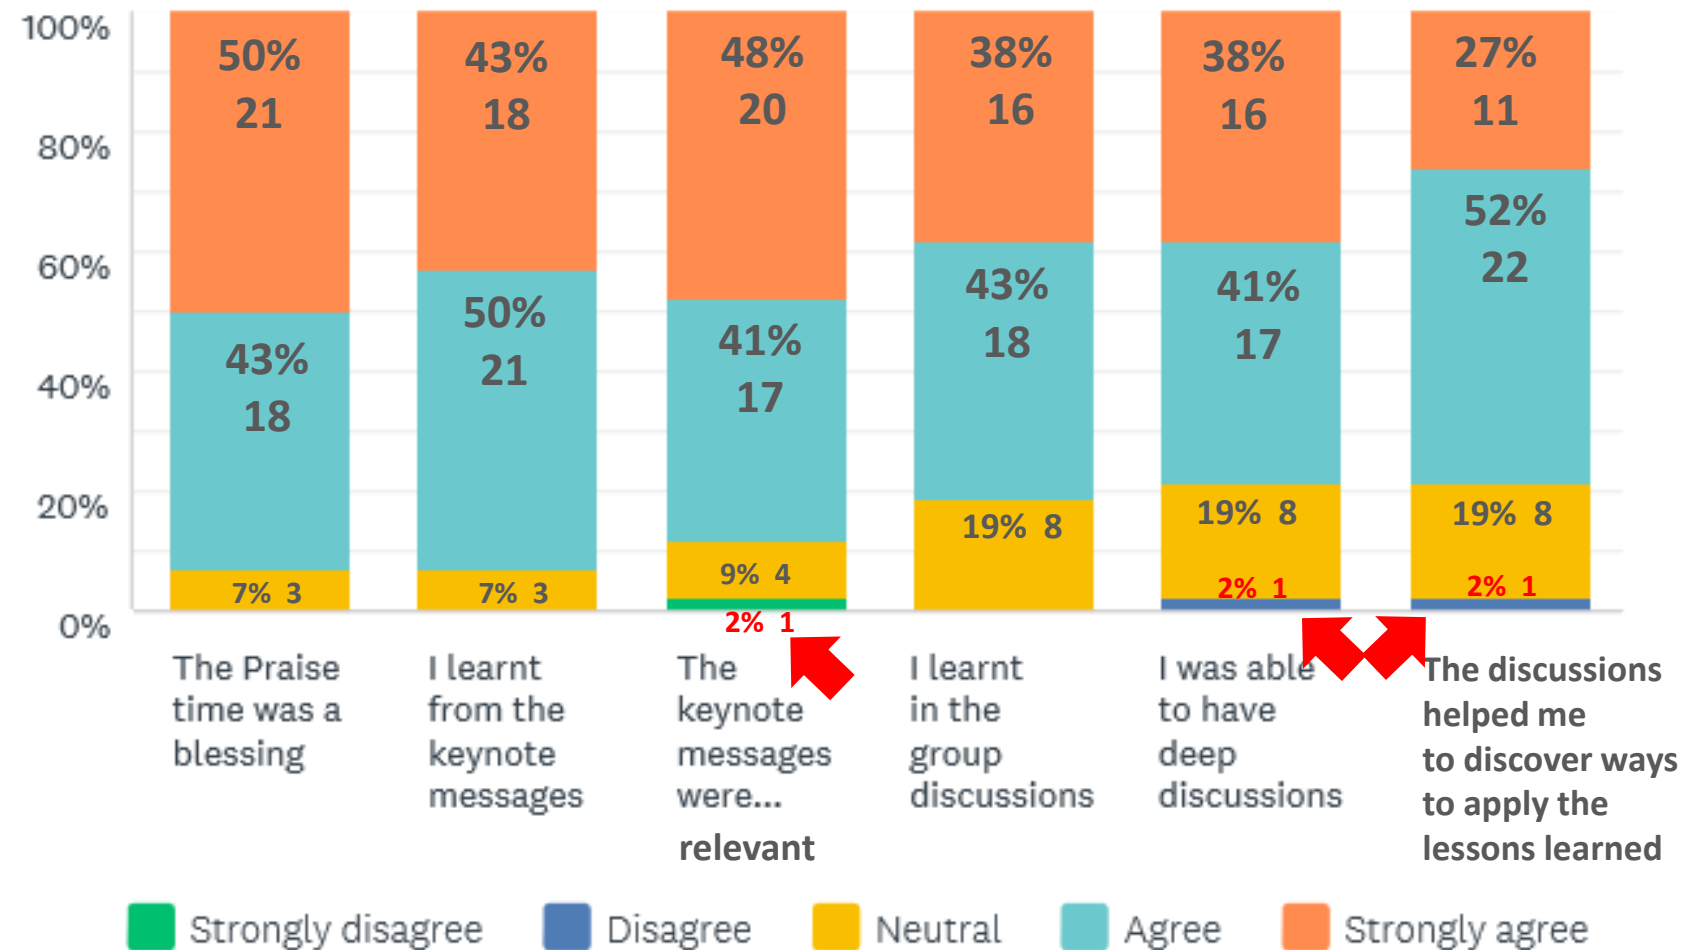

Q4 – Comments

- *The registration was okay, but the check-in to hotel was a bit messy, as we are not sure when to check in and whether we are checking-in with the whole group.*
- *We took our own taxis both ways.*
- *Create online forms of paying*

Q5. Keynote Sessions: Praise, Messages, and Discussions

- 42 responses

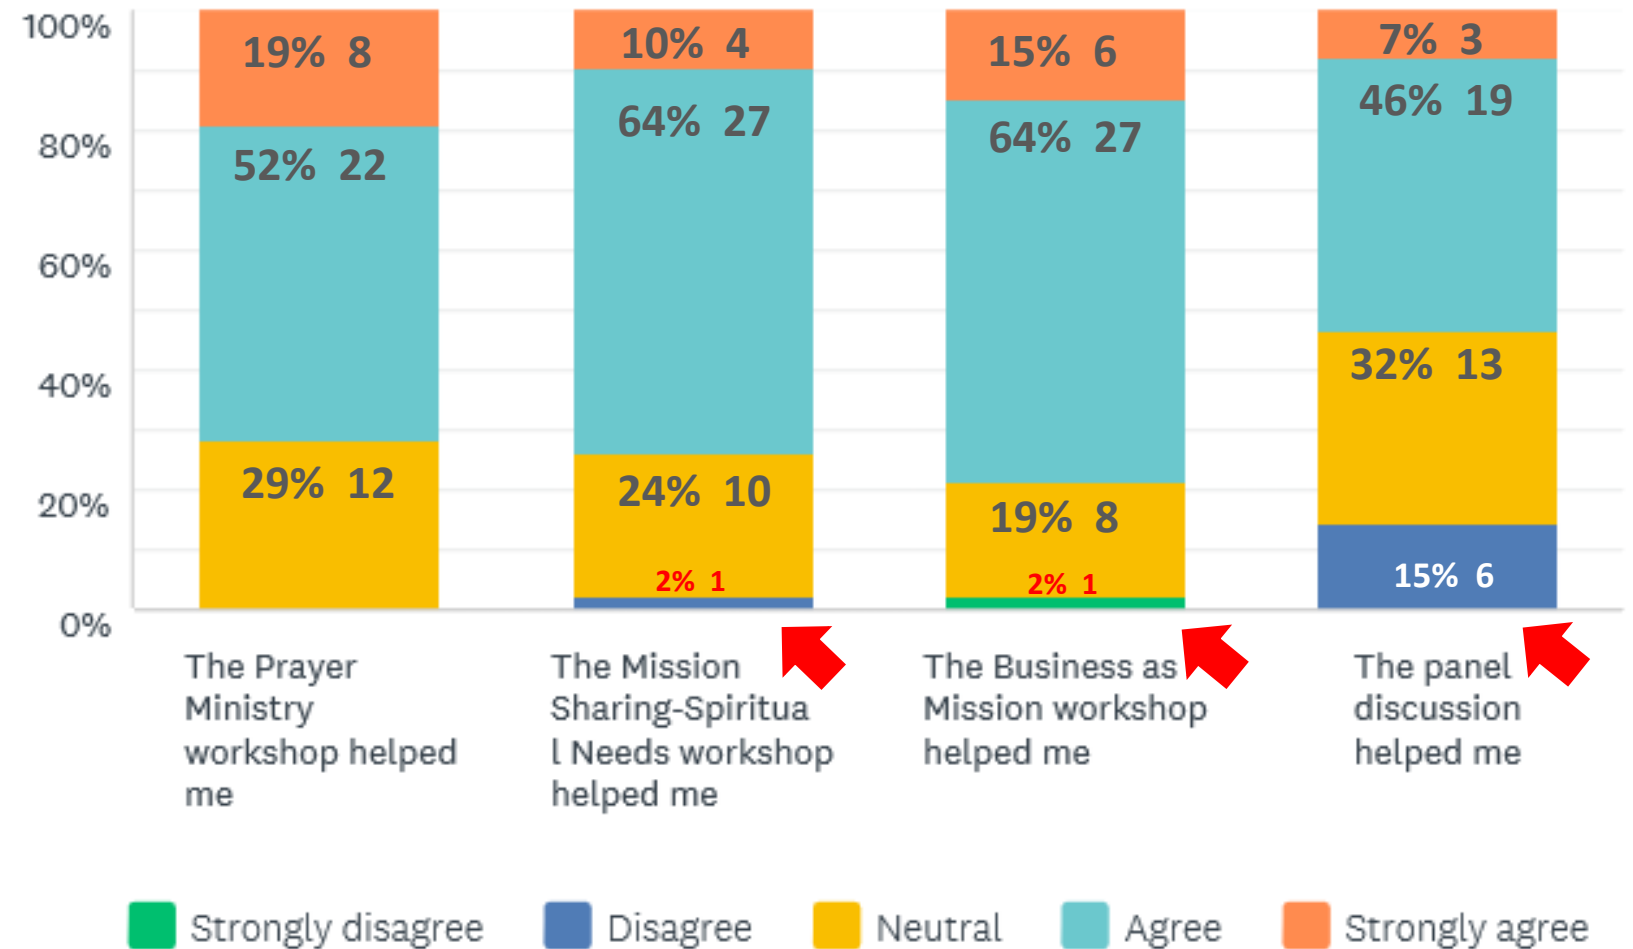

Q5 – Comments

- *We needed lots more time for discussion! Too often this was cut short or overlooked.*
- *much more of an American flare (my comfort zone) however, wondered how well Far-East cultures received it.*
- *Conference沒有安排足夠休息*
- *I was expecting the keynote messages to be more relevant to short-term missionary or missionary. Maybe more on the practical side.*
- *As a leader I had to spend time doing other things during the discussion times but heard good reports.*
- *Appreciate the effort the Praise Team made to lead us worship. It will be better if more Chinese songs have been sung, as this is a C(hinese)AWF event. As far as I remembered, only 2 or 3 Chinese songs have been sung throughout the RendezVous.*
- *Chris is a great speaker, but the content was not that relevant to the missions theme, or passing the baton theme. We could have used much more interaction between the 1st gen and 2nd gen groups*

Q6. Other *Track A* Sessions

- **42** responses

Q6 – Comments

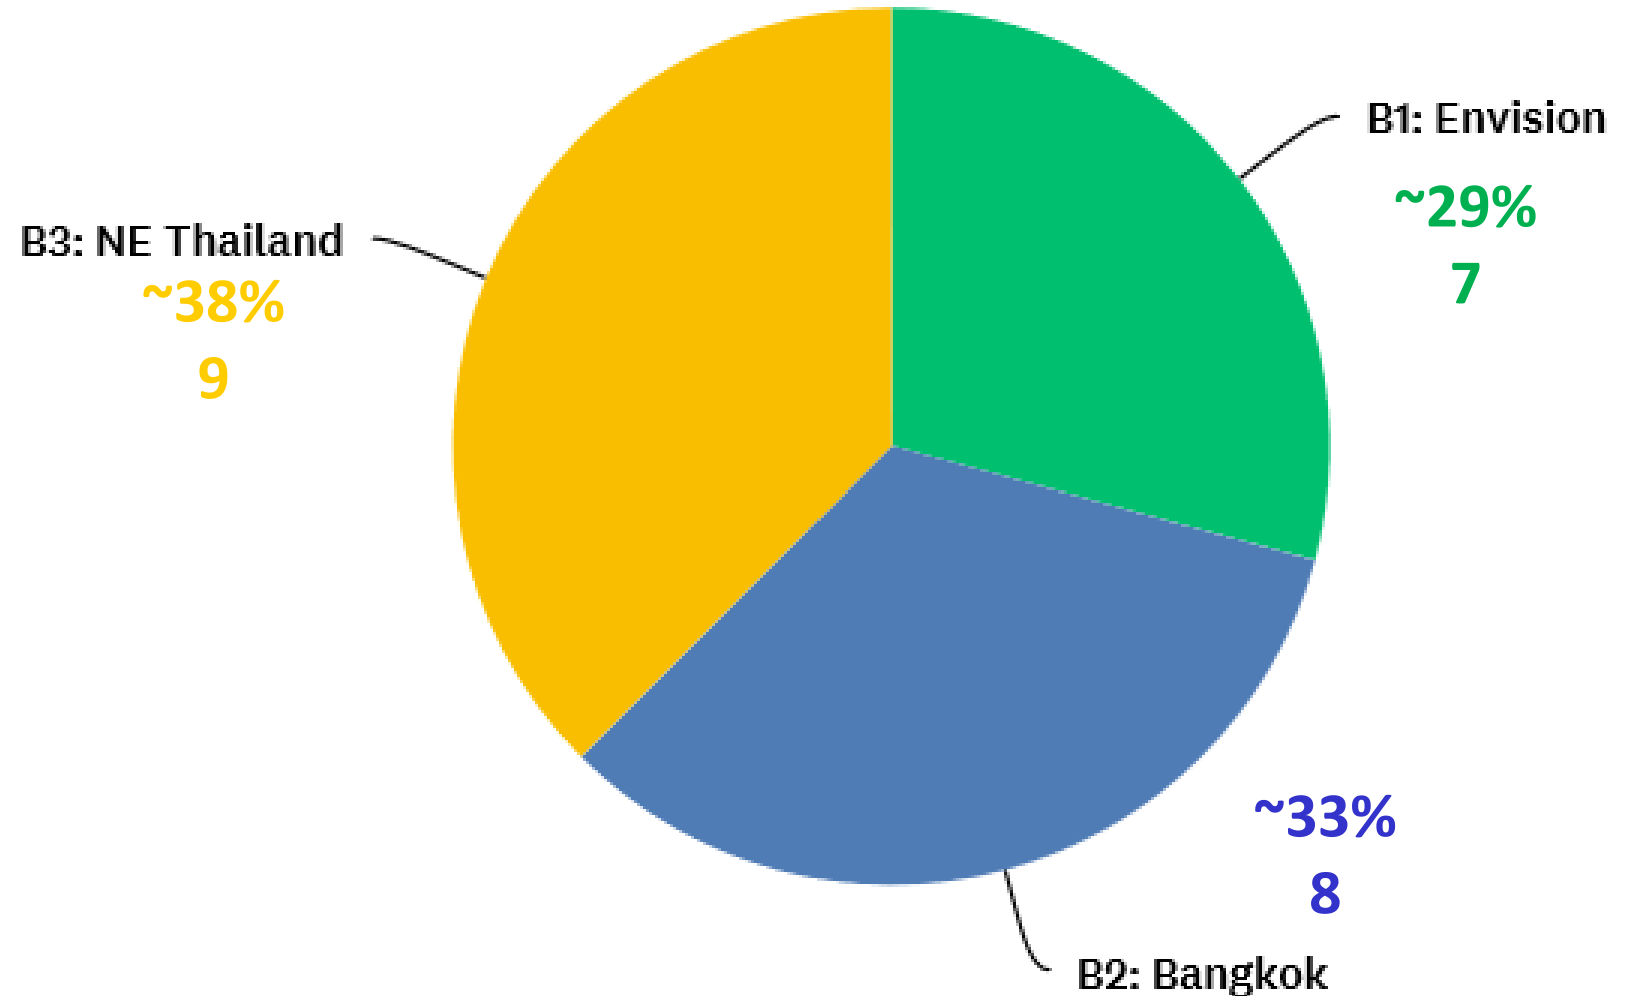

- *Thought provoking. Loved Ty King's sharing a woman who knows her authority in Christ and lives it out! Good reminder of Word's authority. BAM: thought provoking! BAM: much needed innovation in missions strategy today!*
- 營商section 與宣教毫無關係
- *The panel discussion could have been done better. More pertinent questions and not so many people on the panel. Did not have much of an impact on the second generation.*
- *There was not sufficient time for interaction in the panel discussion. It might help if there were only 2 or 3 panelists from each side, instead of 4, so that it would leave more time for interaction with the audience.*
- *Give us more time to ask questions for the panel. The purpose was unclear and I was wondering why the presentations were so long*

Q6 – Comments (cont'd)

- *Track A was great. Being jet lagged made it very difficult to focus and pay attention throughout the whole conference. It might be nice to have longer free time for at least one time during the conference. maybe two - 3 hour break on the 2nd day. The purpose is not only to learn what is happening, but also to make time to build relationships with others. Maybe the discussion groups could spend 1-2 hours to explore the city together in the afternoon and have dessert / snack. The Panel discussion did not deal with the real relationship struggle between the 2nd generation and the 1st generation. The idea for panel discussion was good and the execution could have been more direct in dealing with the brokenness of the 2nd generation leaving the CCA for number of unspoken reasons.*

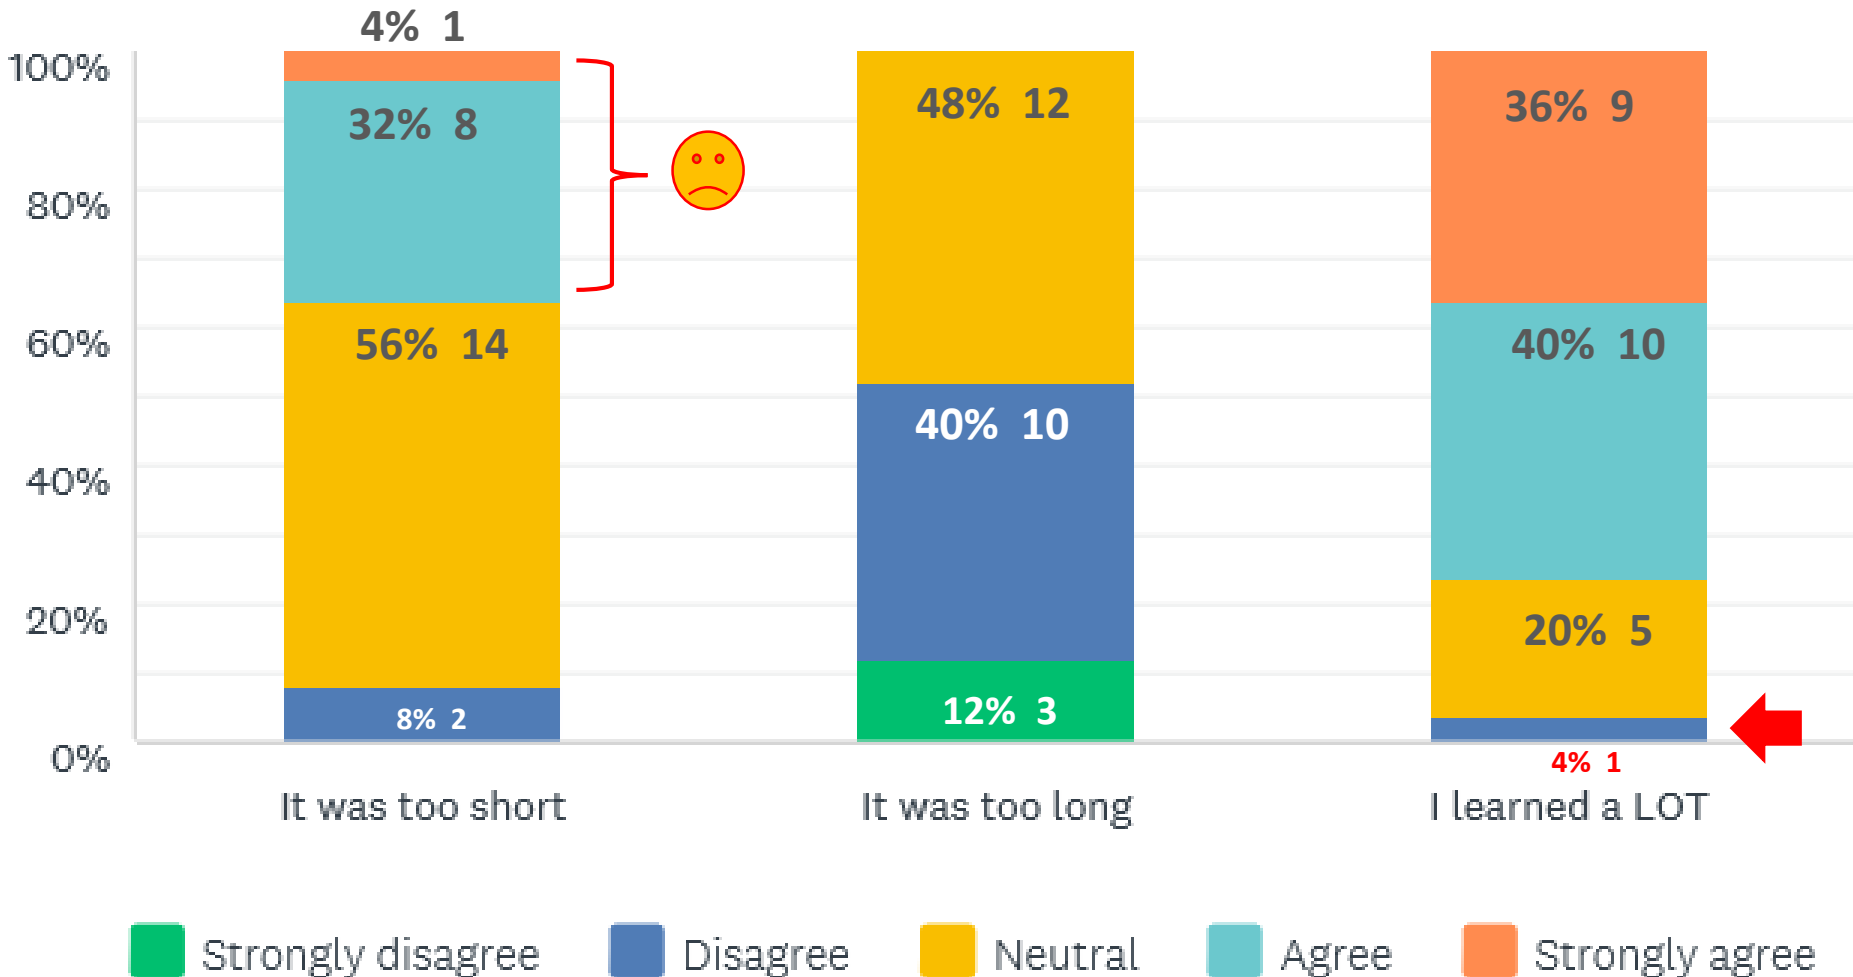

Q7. I was on the following *Track B* short-term mission team

- **24** responses
 - 7 **B1: Envision**
 - 8 **B2: Bangkok**
 - 9 **B3: NE Thailand**

Q8. My *Track B* comments

- 25 responses

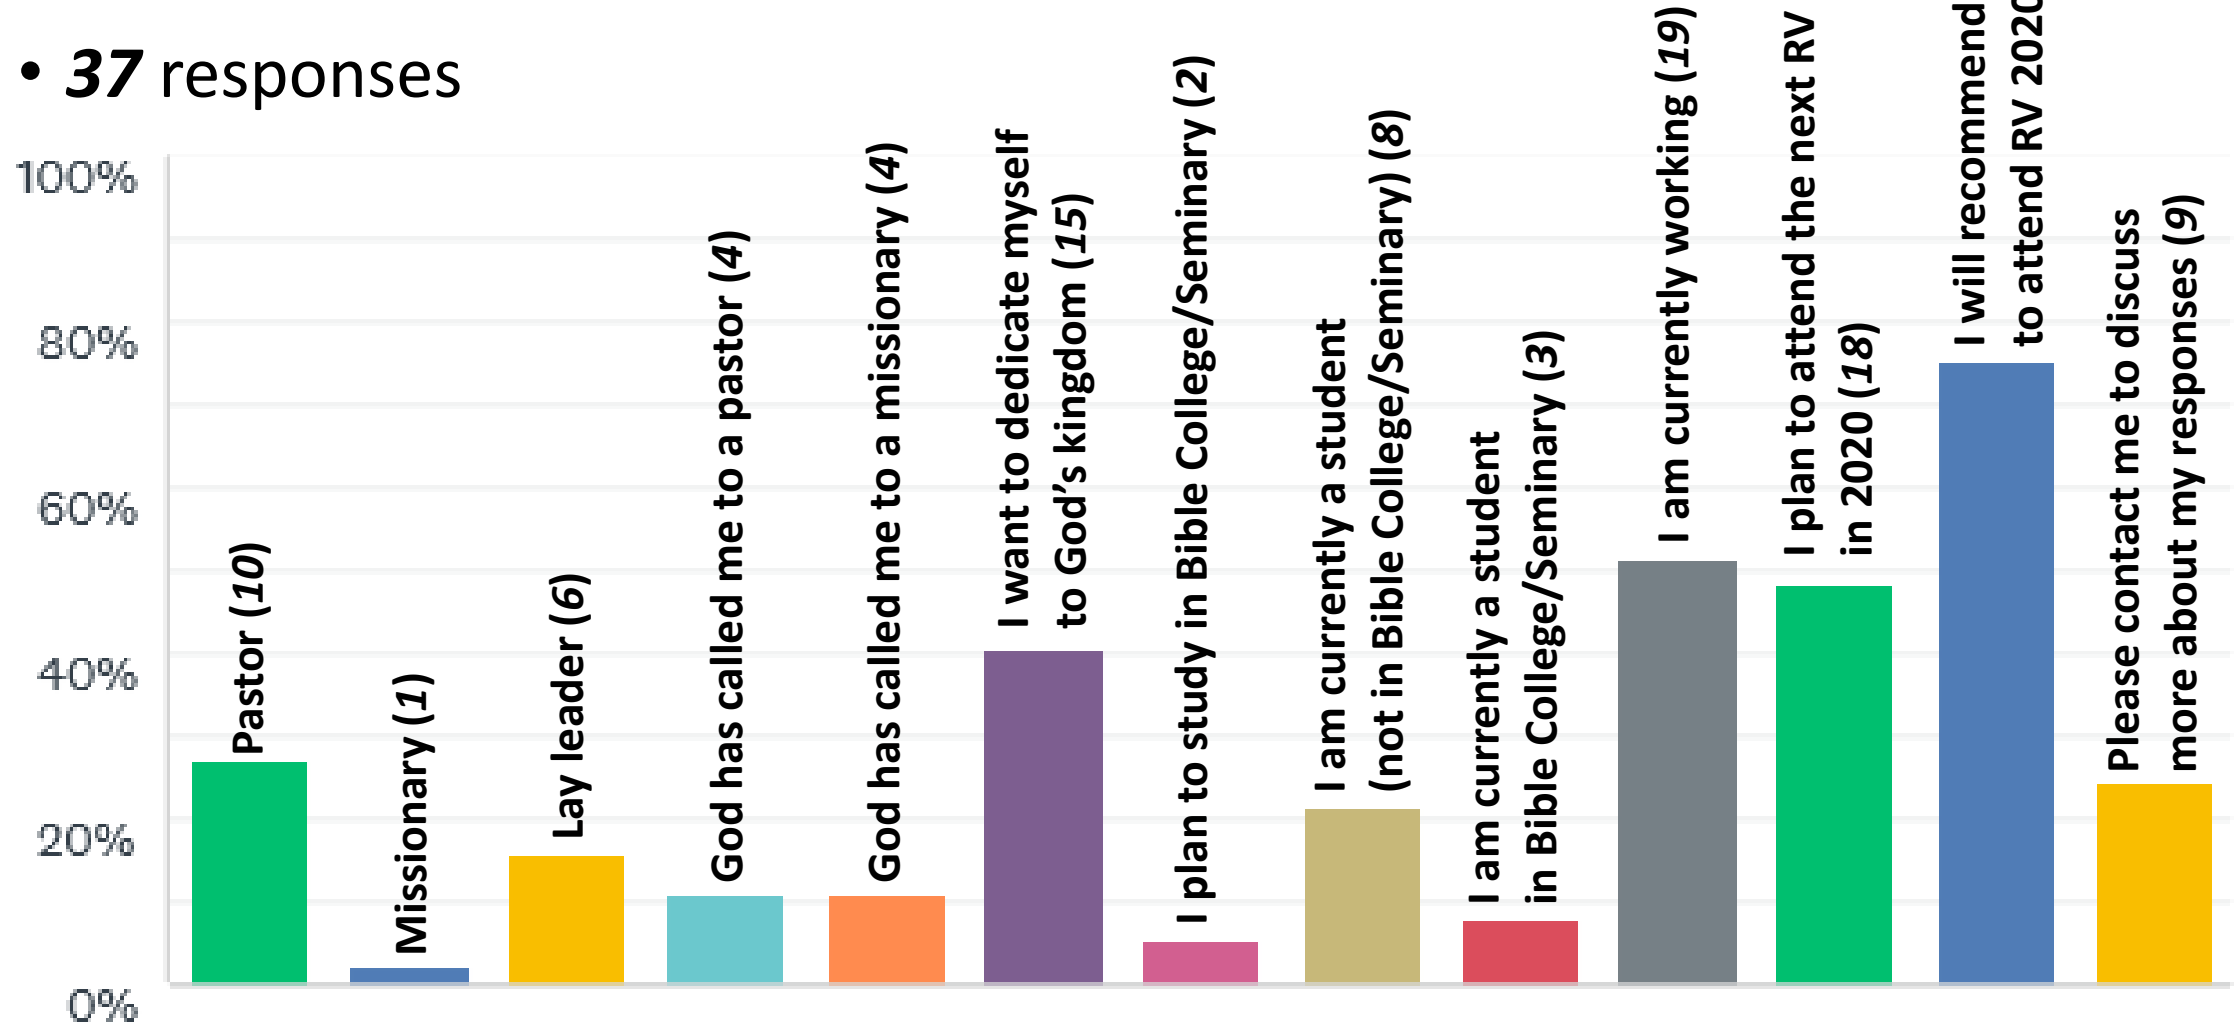

Q8 – Comments

- *In general, it was great to be able to be part of the mission team that works on university outreaching. however, I think the program could be well planned and be given out a bit earlier. But, to experience thai peoples culture was great. There were also confusions on the cost of transportation and accommodation fee between Envision and CAWF.*
- *Could have been a day or two longer. Need to have better communication about housing and schedule with the site leader.*
- *Loved it!*

- *More panels, more interaction between first and second gens, more time to talk. More time TOGETHER.*
- *God has always bless our work! I can see through this Committee. That was really a graceful journey. See all of you in Taiwan 2021. In God's love. Bless*
- *Thank you for all your hard work!*
- *Maybe a bit more discussion time with the group*
- *It would be grateful if some dynamic events can be added in track A.*
- *The committee should investigate the financial problem with Envision.*
- *Verry good! God Bless the international mission et fellowship*

- 谢谢负责安排此次大会的所有工作人员，我们感受到背后有很多细致贴心的安排，此次大会让我们开阔了服事的眼界，也让我们深度思考如何服事神，受益匪浅。感谢所有同工的辛劳付出。
- *Thanks so much! I am praying for the delegates and friends I met from many different countries.*
- *Ask Sam Chan, a delegate from Hong Kong, to make a promotion video about Rendezvous. He makes videos and made one for track B3 already. Elaine did a great job. Maybe it would be wise to have another administrative person to specifically oversee the Rendezvous. they can work closely with Elaine and the CAWF executive team. It's too much work for one person to take care of the all the details for two different conference. Thank you for the opportunity to grow and learn.*

- *I like the idea and this is a great first step. Please continue to work on this. I would love more cross-generational interaction, and brainstorming of how the different generations can work together for a greater missional purpose*
- *Thanks for this opportunity that I could learn a lot from the life as a missionary. The arrangement was very helpful.*
